Hon. James S. Alesi  
220 Packett's Landing  
Fairport, New York 14450

Dear Mr. Alesi:

I am writing to you regarding political donations your campaign received from Monroe County Sports Centre, Corp. in 2004, 2005, 2007 and 2008; totaling \$10,300. As I am sure you are now aware, the Monroe County Sports Centre, formerly known as the ESL Sports Centre, functions as a quasi-governmental entity and is a 501(C)(3) charitable organization. As such, this is an entity that is not eligible to make campaign contributions.

I do not question whether or not you knowingly accepted illegally donated funds. Now, however, having learned the true origin of these funds I believe that this funding should be returned to the Sports Centre, and ask that you encourage the Sports Centre to put those dollars towards the huge amount of back-rent due to Monroe Community College.

I urge to you take this request into consideration. The Sports Centre at MCC is a community asset that is in serious financial distress and, while only a small portion of their debt, these funds should be put towards the community's best interest.

If you wish to discuss this matter further, please feel free to contact me through the Democratic Legislative Office at (585) 753-1940.

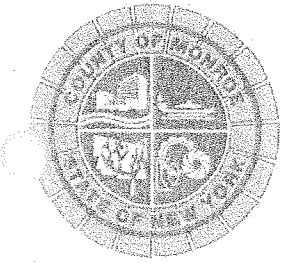

Sincerely,
