Re: Requiring Ethics Training for all Monroe County Legislators

Honorable Legislators:

On January 24th in light of several emerging scandals involving public officials and employees, County Executive Maggie Brooks announced the launch of a new mandatory ethics training program for all County workers. Over the past few years, public perception and confidence in government has continually eroded. We must strengthen and rebuild government's relationship with local taxpayers, in order to best serve them.

The duly elected members of the Legislative Branch of county government should join all county employees in this effort. Therefore, we recommend our colleagues to join us in working with the Administration to provide the same EduNeering online ethics training for all sitting members of the Monroe County Legislature, and also institute such training for all newly elected and appointed Legislators.

This proposal shall have no impact on the revenues and expenses of the current Monroe County Budget, as it shall be achieved through existing resources.

Respectfully submitted,

Ted O'Brien
